# U.S., Russia Closer To Berlin Settlement

## Britain's Labor Party Ousts Electrical Union

BLACKPOOL, England (CP) — Britain's Labor party today overwhelmingly approved the expulsion of the 140,000-member Electrical Trades Union on the grounds it is manipulated by Communists.

The action came at a stormy opening session of the party's annual conference. It was the first time any union has been disaffiliated from the Labor party.

The party's executive committee Friday kicked out the union and drafted a resolution explaining the reasons for its action. The committee's decision was subject to ratification by the entire conference. It received that approval by a vote of 5,337-000, to 642,000. The 1,226 delegates at the conference cast votes for the entire membership

of the organization they represented.

Earlier, a high court had found the Communists guilty of ballot-rigging in an Electrical Union election. Subsequently the Trades Union Congress — the central body of British organized labor — expelled the union.

### NOT SEASON

The delegation which the union sent to the Labor party conference was not seated. However, one representative, Sam Goldberg, was invited from the West Berlin and Western gallery to address the delegates.

He described the expulsion of his union from the party as "an unprecedented and dangerous step." He also denied that Communists dictated union policy.

The Labor party later this week turns to international affairs, and is expected to propose a measure of Western recognition of Communist East Germany.

This would be part of a plan to ease the Berlin crisis. Other proposals would include firm Soviet guarantees for the freedom of Berlin and Western access rights to the city.

## Early High-Level Meeting To Deal With Split City

WASHINGTON (AP) — The United States and Russia are reported inching toward agreement on negotiations that could lead to a compromise settlement of the Berlin crisis.

Prospects seemed brighter than 10 days ago, when U.S. Secretary of State Dean Rusk, Secretary of Defense Robert McNamara and U.S. Ambassador to the Soviet Union, Averell Harriman, met in Washington to discuss the Berlin crisis.

At the moment, Kennedy and Rusk are faced with the urgent task of persuading U.S. allies to go along with whatever formulas can be evolved to settle the Berlin crisis.

Britain presents no problem. The British have been pressing for negotiations.

Earl Home, Britain's foreign secretary, met in New York with both Rusk and McNamara and all three agreed the series of talks was useful. On flying home to London Sunday night, Home said: "We have been preparing the way for what one hopes may be negotiations at some future date."

## MAYORS TO PRESENT BRIEF OBJECTING POWER TAKEOVER

OLIVER (CP) — Fourteen and possibly 15 mayors, reeves and village chairmen will make a joint presentation of a brief to the provincial cabinet Tuesday, objecting to any government move which would see West Kootenay Power and Light Company become government owned. The seven-page brief has been prepared over a period of weeks. Its content was not announced.

## PRESIDENT NASSER SAYS

## Syrian Revolt Brings On 'Most Serious Position'

CAIRO (AP) — President Nasser said today the Syrian revolt "is a setback which must be the starting point for destroying reaction and treason throughout the Arab nations."

Speaking to a student rally at Cairo University, Nasser said, "We are facing the most serious position which ever faced our nation."

"It might turn into a catastrophe, into despair," Nasser admitted.

"But we might be able to turn it into a driving force forward to destroy reaction in all the Arab nations."

"I must tell you that Arab nationalism suffered a setback, a stab, a shock and treason."

Nasser assailed "the five-man company" ruling Syria. He said King Hussein of Jordan "also supports treason as he always did." Jordan has recognized the new Syrian regime.

Nasser was given a foot-stamping, cheering welcome by several thousand students when he made an unscheduled appearance at the university.

WON'T PROVE CHARGES — Nasser said the Syrians charged him with police rule and said there were thousands in prison.

"Today after three days they have not yet said how many were in prison," Nasser said. "I will tell you, there were 70 Communists and 25 members of the Syrian Nationalist party in prison before the revolt."

"How can the Syrian regime

## NEWS MITES

### To UN Or Not: Dief Undecided

Prime Minister Diefenbaker said today he is undecided about going to the current United Nations General Assembly to address it on the present state of world affairs. He said a large number of letters had been received suggesting he go, but he has made no decision.

Sir William Reid Dick, reputed to have created more of Britain's forest of memorial statues than any other man, died Sunday. He was 82. One of his greatest works was the statue of the late president Franklin D. Roosevelt in Grosvenor Square, Dick, a member of the Royal Academy, was sculptor to King George VI, and sculptor-in-ordinary for Scotland to the Queen.

Adlai E. Stevenson, United States ambassador to the United Nations, says he has hopes the Russians soon may agree to a nuclear testing suspension. Stevenson cited "their own self interest" and the moral pressure of the world as reasons for his belief that the Soviets may do an about-face in their opposition to a test suspension treaty.

## Tanker Sinks — Jacksonville

JACKSONVILLE, Fla. (AP) — An oil tanker with its hull ripped by an explosion sank today 100 miles off Jacksonville. The Hess Mariner's crew of 37 had abandoned the \$1,000,000 craft Sunday night.

Last crew members to leave were four men who stayed on the wreck six hours in an effort to halt the rush of water through a hole punched in the vessel's bottom by an engine-room explosion.

## LATE FLASHES

### DeGaulle To Set Up Police Force

PARIS (Reuters) — President Charles de Gaulle announced tonight plans to organize immediately a police force for Algeria to supervise an eventual self-determination referendum in the North African territory.

### Eight Missing In Pleasure Craft

QUEBEC (CP) — Eight persons were reported missing today in a 28-foot pleasure craft in the region of Ile-aux-Coudres, 55 miles down the St. Lawrence from Quebec.

### Cattle Face Starvation

BRISBANE (Reuters) — Tens of thousands of cattle faced threat of starvation in north-east Australia today after one of the area's driest winters since 1915. Only unseasonal good rainfalls before the end of December could save the situation, ranchers said.

### Sextuplets Stillborn

BLANTYRE, Nyasaland (Reuters) — A 35-year-old Negro woman has given birth to sextuplets but all were stillborn, it was announced today. In the past she has had two sets of quintuplets and one each of quadruplets, triples and twins, plus four single births. Only seven of her babies are alive.

REFUGEES FROM KATANGA

Refugees and their baggage on a crowded railroad station platform in Katanga, Northern Rhodesia. The group, mostly Belgian, was enroute to Salisbury, Rhodesia, for rehousing.

## Canada's Employment Ok Compared To US — Dief.

OTTAWA (CP) — Prime Minister Diefenbaker said today that Canada's employment record is encouraging and significant in comparison with that of the United States.

He said that while U.S. unemployment figures have been going up, Canada's have been going down. In August this year, the unemployed in Canada represented 4.8 per cent of the labor force and in the U.S. it was 6.2 per cent.

"Of course, we will have a winter unemployment problem, as we always have," he told reporters after a cabinet meeting. "But certainly our figures are very encouraging and I think significant in comparison with U.S. figures."

Mr. Diefenbaker also said after the 2½-hour meeting, first since the close of the 1960-61 parliamentary session last week, that the present formula for dividing the Atlantic Provinces adjustment grants, with Prince Edward Island receiving 10 per cent and the other provinces 30 per cent each, probably should continue.

Premier Shaw of P.E.I. says his province should have a larger share and has asked the federal government to mediate in his dispute with the other Atlantic premiers.

"There can be no mediation in a problem like that," Mr. Diefenbaker said. "Prince Edward Island was in agreement in 1957 and I think the 30-30-30 formula will be followed."

The cabinet meeting was the first of what is expected to be an intensive series of preparations for the next session of Parliament, probably opening in December.

## RATIO TO CONTINUE

Mr. Diefenbaker also said after the 2½-hour meeting, first since the close of the 1960-61 parliamentary session last week, that the present formula for dividing the Atlantic Provinces adjustment grants, with Prince Edward Island receiving 10 per cent and the other provinces 30 per cent each, probably should continue.

## TITLES RAGE IN ALEPPO

## Ex-Syrian Strongman Arrested At Hideout

BEIRUT (Reuters) — A radio broadcast today announced the arrest of former Syrian strongman, Col. Abdel Nasser, as the new Syrian regime faced what appeared to be growing resistance to its break from the Egyptian-dominated United Arab Republic.

The radio said Nasser was arrested at "a hideout." He was being detained to "prevent the revolutionary movement from being exploited for personal reasons," the broadcast said.

Serra, once U.A.R. President Nasser's chief lieutenant in Syria, broke with him and resigned as vice-president last week. He returned to Damascus two days before the rebellion against the U.A.R. broke out.

Carro sources had blamed him for the uprising but his name never was mentioned in various rebel broadcasts from Damascus.

Meanwhile, broadcasts from Cairo claimed that fierce battles were raging between troops and civilians in Aleppo, a key military base in northern Syria and a focal point of the revolt five days ago.

CLAIMS SUPPORT — The Cairo broadcasts said the army commander in Aleppo had asked for reinforcements. He also declared that violent demonstrations had taken place elsewhere in favor of unity with Egypt.

There was no confirmation of the reports from Damascus but Damascus radio announced Saturday that a 16-hour curfew had been imposed in Aleppo, indicating trouble there. The Aleppo curfew is twice as long as the one in force in Damascus itself.

(The Syrian radio ridiculed Cairo broadcasts claiming a revolt had broken out in Aleppo. The Associated Press reported that an American living in Aleppo, reached by telephone from Beirut, said the city was quiet.)

Resistance to the new regime also appeared to be coming from the country's 120,000 Palestinian refugees, who overwhelmingly support Nasser.

Damascus radio Sunday night broadcast a statement asking the Palestinians to observe calm and order and warned that all non-Syrians taking part in demonstrations faced arrest and expulsion.

British Labor party launched its annual conference today with a leadership appeal to make the current sessions the kickoff for the country's next general election campaign.

Party chairman Richard Crossman, delivering the tone-setting opening speech, called on the 1,300 delegates to bury their differences and to set up the offensive against Prime Minister Macmillan's Conservative party.

The chairman said one of the party's major objectives must be to develop a policy which makes clear that the defects in British society are not transitory.

"They are deep-seated; they don't arise simply through incompetence but out of the basic contradictions in society."

"And we must also show that we agree on how to cure these basic defects, that we now know the way our socialist principles must be applied in the 1960s, that we are united both on the diagnosis and on the cure."

## British Labor Party Opens Today

BLACKPOOL, (CP) — The British Labor party launched its annual conference today with a leadership appeal to make the current sessions the kickoff for the country's next general election campaign.

Party chairman Richard Crossman, delivering the tone-setting opening speech, called on the 1,300 delegates to bury their differences and to set up the offensive against Prime Minister Macmillan's Conservative party.

The chairman said one of the party's major objectives must be to develop a policy which makes clear that the defects in British society are not transitory.

"They are deep-seated; they don't arise simply through incompetence but out of the basic contradictions in society."

"And we must also show that we agree on how to cure these basic defects, that we now know the way our socialist principles must be applied in the 1960s, that we are united both on the diagnosis and on the cure."

## Sandys Arrives In Accra To Help Pep-Up Relations

ACCRA (Reuters) — British Commonwealth Secretary Duncan Sandys arrived here today for talks with President Kwame Nkrumah aimed at halting a deterioration in relations between Britain and Ghana.

Sandys also will discuss preparations for a state visit to this West African state next month by the Queen.

Sandys was scheduled to see Nkrumah immediately after the first meeting of Ghana's new cabinet. Nkrumah announced a cabinet reshuffle Saturday after requesting two ministers to resign.

There has been no official comment here on the Sandys' visit.

(Newspaper article in the British press recently have noted a deterioration in relations between Britain and Ghana.)

(Hopes of improved relations were dimmed with the appointment of 32-year-old Kwesi Armah as Ghana's high commissioner in London.)

(Armah was chairman of the London Committee of Political Organizations, which organized large-scale demonstrations in London against U.S. bases in Britain. In the past he has frequently attacked British policies.)

## Quebec Mourns Death Of Governor Gagnon

QUEBEC (CP) — A 15-day mourning period was proclaimed Sunday by the provincial government in honor of Lieutenant-Governor Onesime Gagnon, who died Saturday shortly after his third heart attack since May.

The wife, three sons and four daughters of the 72-year-old veteran of federal and Quebec politics were with Mr. Gagnon when he died at Bois de Coudonges, his official residence.

Rene Hamel, acting premier in the absence of Premier Jean Lesage and Attorney-General Georges Lapalme, said all government offices will be closed Wednesday morning for the state funeral. Mr. Hamel, municipal affairs and labor minister, also proclaimed the mourning period, and will represent the government at the funeral.

The Fleur-de-Lys flag on Quebec's main government buildings are being flown at half-mast until the mourning period is over.

Woulbe-Be Assassin Commits Suicide — BLOEMFONTEIN, South Africa (Reuters) — David Pratt, wealthy English-born farmer who tried last year to assassinate Prime Minister Hendrik Verwoerd, has committed suicide at a mental institution here, it was announced today.

He was found dead in his cell with a sheet tied around his neck — Sunday — his 54th birthday.

Pratt was committed to Pretoria jail Sept. 26 last year after a supreme court judge found him to be an epileptic and mentally disordered.

At an earlier hearing Pratt had told the court of his "intense feeling of relief" after shooting the prime minister at a farm near in April, 1960.

Verwoerd was in the hospital for a month with face wounds and later returned for an ear operation.

MENON IN HOSPITAL — NEW YORK (AP) — V. K. Krishna Menon, 64, chief of India's delegation to the United Nations, spent part of Sunday in Montefiore Hospital, the Bronx, undergoing diagnostic studies, a hospital spokesman said today. The spokesman said the diplomat entered the hospital Friday night.

## SOON TO BE PEER

Informants close to the British court said today Princess Margaret's husband, Antony Armstrong-Jones, will soon become a peer. Asked to confirm or deny the report, a Buckingham Palace spokesman said: "When the Queen is ready to give him a title, she'll do it, and until then, we just have to wait."

ABDEL NASSER

## Dead Officer

OTTAWA (CP) — A police officer was killed today in a shooting in the city's downtown area.

The officer, 45, was shot in the chest by a man who fled the scene.

The man was later arrested and charged with murder.

The victim was a member of the Ottawa Police Force.

The shooting occurred on a busy street in the city's downtown area.

The man who shot the officer was 30 years old.

He was arrested after a chase through the city streets.

The man was charged with murder.

The victim was a member of the Ottawa Police Force.

United Arab Republic President Gamal Abdul Nasser, centre, is surrounded by a cheering crowd in Cairo after a radio broadcast to the nation. He called the military mutiny in the Syrian region of the UAR more serious than the 1956 British-French-Israeli invasion of Egypt.

**BURGOS, Spain (Reuters).**—Hints of a Spanish bid for nuclear weapons and its armed forces were seen here today in a call by Generalissimo Francisco Franco for an overhaul in his country's defence treaty with the United States.

# Let W. Kootenay Be Last Privately-Owned Firm

VICTORIA (CP) —Representatives of 16 communities Tuesday will ask the cabinet to allow West Kootenay Power and Light Company to operate as one of the last privately-owned electrical utilities in British Columbia.

Premier Bennett has said it is unlikely the company at the doorstep of the proposed publicly-financed Columbia project would be taken over by the government. But a spokesman for a delegation of 20 which will appear at a cabinet-meeting in Oliver said the plea will be made in any case.

"We have been receiving such good service we don't want to

**ALGIERS (Reuters)**—The entire white population in central Algiers appeared today to have joined in a 30-minute strike called by extremist right-wingers in a new threat to the authority of President Charles de Gaulle.

The main business section of Algiers came to a total standstill for 30 minutes. Even taxi drivers told prospective customers to "come back in half an hour."

The UN moved Sept. 13 to disarm Tshombe's army at the request of the Leopoldville-based federal government of Premier Cyrille Adoula. Katanga resisted and UN troops and Katanga forces fought for eight days until a cease-fire agreement—still in force—was reached.

Meantime, it was learned that Katanga has a 25-ton home-made tank at Jadotville which is being held in readiness as a "secret weapon." The tank is known by the name Mammoth.

A robber bludgeoned a 56-year-old nun to death with an iron bar Sunday night and took \$3,000 lire (about \$83) from a hospital safe, police said today.

SUPPORT THE KELOWNA and DISTRICT  
**COMMUNITY CHEST!**

# Your Fair Share Will Put Us There!

You give once and you give to all – so give your fair share now to your Community Chest. In no other single way can you support so many organizations with one "Fair Share". The agencies supported by the Community Chest give the year round in making this community a healthier, happier place in which to live – for all of us – give them your support now – with a Fair Share.

## HOW MUCH SHOULD YOU GIVE?

**HAVE YOU WONDERED** just what your full share of giving to all the welfare agencies serving Kelowna and District would amount to? By giving all together, it amounts to just 2½ minutes per day — less than a quarter of an hour per week. Shown below are suggested amounts on this basis, for those of us paid on a weekly or monthly basis. They are a guide to Full Share giving. All of us have different responsibilities, some able to give more, some less. Give as much as you can, and share your blessings — **HELP** the United Way.

Wage per Week		Suggested Weekly Gift	Annual Amount
Below	45.00	\$ .25	\$13.00
46.00	to 60.00	.35	18.20
61.00	to 75.00	.45	23.40
76.00	to 80.00	.50	26.00
81.00	to 85.00	.55	28.60
86.00	to 90.00	.60	31.20

Wage per Week		Suggested Weekly Gift
91.00	to 95.00	.65
96.00	to 100.00	.70
101.00	to 110.00	.80
111.00	to 120.00	.90
121.00	to 130.00	1.00
131.00	to 140.00	1.10
141.00	to 150.00	1.20

Monthly Income	Basic Rate	Suggested Monthly Pledge
\$601.00 to \$700.00	7.8 of 1%	\$5.26 to \$6.13
701.00 to 800.00		6.14 to 7.00
801.00 to 900.00		7.01 to 7.88

ANOTHER PACKINGHOUSE? NOT THIS TIME!

Kelowna shivered about the middle of Sunday morning when fire sirens headed towards Sun-Type Products

plant on Ethel Street, thinking "another packinghouse fire?" There was no fire. A sprinkler head had apparent-

ly been set off by acid from fermenting apples in juicing room of the big Sun-Type

plant. The fire call came shortly after 9:30 a.m. Sunday.

MEET THE TEACHER - AT SMORAGSBORD

Teachers of every school in School District No. 23 (Kelowna) and their wives and husbands gathered at a mouth-watering smorgasbord

at The Capri Motor Inn on Saturday night to welcome new teachers to the district. There were 179 who partook of the feast and dance which

followed. The dine-dance was sponsored by the association of teachers in the school district and is an annual affair, separate from the official

welcome which the school board holds earlier in September, shortly after school begins.

#### THE NECESSARY MAJORITY

## Peachland Voters O.K. Water, Chlorination

PEACHLAND (Correspondent) — Both parts of Peachland's \$80,000 water bylaw, one concerning an extension and the other chlorination, passed at a vote of ratepayers on Saturday. Specifically, Bylaw No. 365 of the Corporation of the District of Peachland, asked the ratepayers "to authorize council to extend the present water area and to improve and extend domestic water service and to further authorize the borrowing of an estimated cost of \$80,000

with a 20-year repayment." This question passed the voters with a 75 per cent majority, 73 voting for and 27 against. The question of chlorination asking, "Are you in favor of the water supply of Peachland, water area number one, being protected from contamination through chlorination?" A 61 per cent majority approved the chlorination, 62 voting for and 39 against. A 60 per cent majority is necessary in passage of such

bylaws. In Peachland, 101 persons cast ballots of 229 eligible voters. A property owner is an eligible voter on bylaws concerning the expenditure of money. Only property owners whose property was within the special area described in the bylaw are responsible for the repayment of the necessary debentures, and therefore are the only ones who were permitted to vote on the issue.

## Herb Sullivan In N.Y. Describes Boys' Club

Herb Sullivan, who is in New York City taking an intensive four-week course in the organization and administration of Boys Club work, has written home about the course and his visits to other Boys Clubs in the big city.

The course is being sponsored by the School of Education of New York University in co-operation with the Boys Clubs of America. Mr. Sullivan is one

of five club directors across Canada who were chosen to go on the course. He left September 6.

Herb says that the first week of the course included such things as the history, the national office, and the services of the Boys Clubs; principles of Boys Clubs building design; gearing program to meet the needs of various age groups; the principles of psychology; financing the Boys Club; and standards of accomplishment and criteria for the evaluation of a Boys Club.

These lectures were interspersed with sessions with the Toastmasters' Club, teaching the people taking the course the arts of public speaking, and how to present their cases to those around them.

The course students have a feeling, they say, of being at the very heart of things, since the site of most lessons has been at the Boys Clubs of America building, 771 First Avenue, opposite the United Nations Buildings complex, and towered over by the giant UN secretariat.

The second week includes such things as making publications effective; effective group experiences; recruiting a training volunteers; a clinic on administration; relationship between staff and board; and one lecture titled "The Boy-an integrated individual."

Lectures are being given by the 27-member staff of the national office of the Boys Clubs of America. Each of the staff members is an expert in one or more related field. Seminars on guidance is the title of one of the course lectures in the third week of instruction, which began on September 25. This, along with such titles as delinquency and the Boys Club; the games room; decision making through group discussions; and the arts and crafts program, add to the knowledge of these directors to apply when they return to their home towns.

Included during these courses are visits to Boys Clubs in New York City and environs. On September 13, they visited the club in Newark, New Jersey; on September 20, that of Queens-Madison Square Boys Club in the heart of the city; on September 27, to the Madison Square Boys Club; and two days from now, on October 4, they will visit the Boys Club of New York.

Herb Sullivan is expected to return home and take up his duties once again by next week, say Boys Club officials in Kelowna.

The Boys Club is one of the 16 services supported by your Community Chest. Support it.

HERB SULLIVAN

## CD Exercise Assisted By Local Teams

Kelowna, Peachland, Westbank, Winfield and Rutland all had representation at Saturday's "Operation Vernon, 1961" a civil defence practice session at which many more lessons were learned and where more experience was gained by Okanagan Valley CD organizations.

The exercise, which included Canadian Army Units, took place between 8 a.m. and 1 p.m. on Saturday.

Kelowna City supplied part of the rescue team, while Kelowna and Westbank joined to provide part of the radiation monitoring team under Bert Segus of Westbank.

Winfield and Rutland took part in the advanced treatment centre as casualties and stretcher bearers.

## Community Auditorium A 'Must' Says Chapman

A community auditorium is a must for Kelowna citizens interested in raising funds for charitable projects. At present, service clubs and other organizations are often limited in their fund-raising by Kelowna's lack of an auditorium suitable for dramatic or musical productions, according to Dave Chapman today.

In recent years talent has sat at home and the audiences have sat at home too. These performers could and would bring out the dollars for charity if there were a suitable auditorium to present such enter-

### ALL BEING DONE TO POLISH KELOWNA'S ZONING BYLAW

Kelowna's new zoning bylaw, already past its third reading, will not be ratified at tonight's regular council meeting.

Inquiries at City Hall indicate that a few last-minute alterations are being made to the new bylaw.

Alderman E. R. Winter, whose Advisory Planning Committee has spearheaded preparation of the new bylaw through the city solicitor, is also believed discussing details with some commercial property owners so that when a final reading is made, no details have been omitted from the bylaw.

### CITY AND DISTRICT

#### FILM FARE

The Kelowna Film Society will film "Romeo and Juliet," Russian, on Oct. 16 at 8 p.m. in the High School auditorium. The Fourth Kelowna International Film Festival will be held on Oct. 17, 18 and 19 in the school at 7:30 p.m. on each day.

#### ANNUAL ARTS MEET

The annual general meeting of the Kelowna Arts Council will take place on Oct. 20 at 8 p.m. in the Okanagan Regional Library. Election of officers will be held. A notice of motion that not more than four general meetings will be held each year, will be placed before the membership.

#### THEATRE PRESENTATION

Holiday Theatre will present "Puss 'n' Boots" in the High School auditorium on Wednesday at 3:30 p.m. and again at 7:30 p.m. The performance is in at dot Sunnyvale School.

#### FIRST CONCERT

The first Community Concert of the season will be held on Wednesday, Oct. 11 in the Kelowna High School auditorium at 8:15 p.m. Presented will be the Rondoliers, a male trio.

#### ART EXHIBIT

Paintings on display at the Okanagan Regional Library from Oct. 1 to 15 feature the works of Kelowna's R. MacLean-Angus. The Women's Show will take place from Oct. 16 to 31 inclusive. Picture Loan Night will be held in the library Thursday at 8 p.m. All those who had pictures out during the summer months are asked to bring them in.

#### GISH AND GAME

Members of the press from all parts of B.C. have been in-

ited to a reception at Sands Hotel, Vancouver, on Oct. 4 to meet the executive of the Lower Mainland Fish and Game Association, headed by Dick Litter. Subjects such as farmer-hunter relations and water pollution will be discussed.

#### COOLER WEATHER

Cooler weather, with a hint of frost in low lying areas, was prevalent over the weekend. On the Okanagan Valley, temperatures between 32 and 60 were experienced on the weekend. Fog in some parts of the Valley, particularly the northern part, slowed traffic in spots on Highway 97 last night. A continuation of the present weather is expected as a high pressure area prevents a Pacific-bred storm from crossing the coast.

#### SOCREDS MEET

The Okanagan Boundary federal riding Social Credit Association will hold their nominating convention on Oct. 4 in the Community Hall, Okanagan Falls at 7:30 p.m. National leader, Dr. H. N. Thompson, will be in attendance.

#### NEWSMAN SPEAKER

Dave Shepherd, managing editor of The Daily Courier, will be guest speaker at the regular dinner meeting of the Kelowna Jaycees at the Capri Motor Inn tonight. Meeting time is 6:30 p.m.

#### PREMIER BUSY

Premier W. A. C. Bennett spent a quiet weekend at his Kelowna home after a busy session in Victoria. Today he and his cabinet meet Okanagan community heads at Oliver where a business session will be held. Details of the session, held known tomorrow.

## Mrs. E. Neil In CD Exercise Catering Unit

PEACHLAND (Correspondent) — The Peachland Civil Defence unit participated in the Civil Defence exercises in Vernon on Saturday, to the extent of looking after the emergency feeding of 330 persons.

Mrs. Edwin Neil, deputy co-ordinator of the unit supervised the undertaking, with the assistance of nine unit members. The Senior High School was allotted for this portion of the exercise. Stew, bread and butter and coffee were served.

Also supplied from this unit were several men who assisted as stretcher bearers or wherever they were needed, and two casualty recorders.

#### OF W. KOOTENAY POWER

## Valley Communities Will Fight Takeover

At least 14, and maybe 15 mayors, Reeves and village council chairmen will participate in the presentation of a brief to the provincial cabinet at Oliver, objecting to any government move which would appropriate the West Kootenay Power and Light Company.

The seven-page brief, details of which will be announced tomorrow, has now been prepared and the joint presentation of the communities concerned are included in it.

Meetings between the heads of the municipalities concerned have been held in recent weeks in preparation for a concerted and united front before the cabinet.

Beginnings of the move by the communities concerned came shortly after the takeover of the B.C. Electric by Premier Bennett's Social Credit government. Mr. Bennett hinted at the time that other takeovers may be contemplated in the provinces power scheme.

Kelowna will be represented by Mayor R. F. Parkinson, who has taken a leading role in preparation of the brief following meetings with Mayor C. E. Oliver of Penticton, Reeve F. E. Atkinson of Summerland and other civic officials, whose efforts will now be put into action.

## Cricket Club Statistics Are Released

The Kelowna Cricket Club, as shown by the averages published today have had the most successful year since play was resumed several years ago.

Having retained the Spencer Cup, symbolic of cricket supremacy in the Okanagan Valley, they went on to handily take the Labor Day tournament to round out the season. It is hoped that this end-of-season tournament will prove to be an annual affair with teams from Coast, Kootenays and the Prairie elites participating.

An honorable mention must go to John Frederick who did a fine job captaining the team. Mike Murrell for his able assistance. Last but by no means least, we wish to thank all the individuals and firms and city council who so generously gave us their support and assistance.

Batting averages—J. Frederick 26.53; J. Peyton 18.50; J. Stephenson 16.01; M. Murrell 15.60; J. Kaye 13.25; H. Price 12.07; D. Neve 12.60; H. Hall 8.75; S. Angus 6.52; M. Lines 6.45; J. Campbell 5.40; B. Beardsell 3.11; H. Floyd 1.16.

Also batted—J. Lomax, E. Hoffman, A. Dufau, H. Gerviers and M. Parker.

Bowling averages—D. Neve 3.92; B. Hall 4.07; M. Lines 5.60; J. Frederick 6.33; H. Price 6.50; J. Stephenson 7.00; S. Angus 11.11.

Also bowled—A. Dufau, E. Hoffman, M. Murrell, J. Kaye, L. Lomax, J. Campbell.

Catches—M. Murrell 14; M. Lines 12; J. Frederick 9; J. Stephenson 9; B. Beardsell 8; H. Hall 8; S. Angus 6; E. Hoffman 6; J. Campbell 5; J. Kaye 5; D. Neve 4; Olivers 19.

Stumpings—M. Murrell 10 and J. Campbell 1.

Games played 23; Won 20; Lost 3. Drawn 0.

Also included in the plan of presentation are Mayor L. S. Read of Trail, Mayor A. W. Downey of Grand Forks, Mayor H. S. Elmes of Rossland and their civic assistants.

Adding their weight to the objections of the suspected power takeover will be Reeve L. Williams of Tadoussac and chairman J. E. Kraft of Castlegar, C. W. Allen of Creston, J. S. Sykes of Keremeos, C. M. Loeblich of Kinnaird, T. H. Carter of Oliver, P. B. Van Duzee of Osoyoos and A. Laurie of Warfield.

It is not known whether I. Plesash of Princeton will take part in the presentation. Kelowna is vitally interested in West Kootenay Power, having recently purchased a section, serving the city, for over \$200,000 besides the interest she already has in the company and its services.

MAYOR R. F. PARKINSON

## Oyama Fire Truck Dedicated; Work Of Trustees Recalled

OYAMA (Correspondent) — Oyama's new fire truck was dedicated and turned over to local fire officials at a short ceremony held in the fire hall recently.

Close to 100 people were on hand to hear Harold Butterworth, chairman of the trustees of the local fire protection district, speak of the months of investigation which were needed to arrive at the specifications for a fire truck which would best serve the needs of Oyama's local conditions.

Following approval of the specifications by a general meeting of local taxpayers, tenders were called with an Abbottsford firm, being the successful bidder.

Financing of the unit will be spread over the next 12 years and these costs plus necessary annual operating expenses will put the mill rate at close to two mills for fire protection. This compares favorably with other communities who are financing their units over a period of time.

In closing his remarks, Mr. Butterworth reported that the new unit had passed its underwriters endurance tests with flying colors and was now ready and able to answer any calls for assistance.

Fire Chief Fred Little of Vernon was introduced to the assembly.

He spoke of his memories of the occasion when he had the pleasure of opening Oyama's new fire hall in 1958 and how pleased he was to be in Oyama for the dedication of a new fire truck.

The dedication service was

conducted by the Rev. Allan Jackson who dwelt briefly upon the legend of fire, as described in Greek mythology. He then led the gathering in prayers and concluded by dedicating, blessing and designating the new truck to the protection of local homes and buildings.

The ceremonies concluded with the presentation of the fire truck keys to Chief Doug Elliot.

Among the many visitors on hand for the occasion were Fire Chiefs Frank Schiller of Coldstream, Ben Crooks of Winfield, Norton Woud of Rutland and Fred Little of Vernon. Also there were Vernon Civil Defence Co-ordinator Ken Little and John D. Thorne, fire prevention officer of the federated shippers.

Coffee and donuts were served by Mrs. Harold Butterworth and Mrs. Harry Blatt while those assembled inspected the new equipment.

## John Schell Rites Saturday

PEACHLAND (Correspondent) — Mr. John Schell of Peachland, died suddenly on Thursday morning in the Kelowna Hospital. He was in his 61st year.

Born in Odessa, Russia, he emigrated to Canada with his parents at an early age, settling in Trumpling Lake, Sask., where he received his education. He later moved to Spirit Wood, northern Saskatchewan prior to coming to the Rutland area about seven years ago.

Last March Mr. and Mrs. Schell came to Peachland, operating the New Peachland Motors service station until his death.

Funeral services were held from St. Theresa Roman Catholic Church on Saturday morning, with the Rev. Father F. L. Flynn officiating.

Besides his wife, Margaret, he is survived by four sisters and two brothers in Saskatchewan.

**HISTORICAL SOCIETY**  
The Okanagan Historical Society was founded by the late Leonard Norris at Vernon on September 4, 1925. After Norris' death on April 10, 1945, a board of directors was elected to represent the various sections of the Okanagan Valley.

## Centenary Theme Should Stress Canadian Unity

One of the biggest birthday parties ever staged in Canada is being planned for 1967, but already the planners are running into difficulties such as whom to invite to the celebration and who gets what in the way of which presents.

The birthday, of course, is Canada's own. She will be 100 years old in 1967 and the government is attempting to lay the groundwork for the big and historic event.

The Dominion government is setting up a ten-member national centennial administration and a sixty-one member national centennial conference.

The latter, which will be headed by a cabinet minister with at least two appointees from each province, will sit as an advisory body sifting ideas and preventing the celebration from becoming a "formless jungle."

Judging from the bale of suggestions which has poured in already from interested citizens this last is going to be a very real hazard.

The prime minister himself has made several suggestions. Foremost among these was an idea that a "national train" should travel everywhere in the country bearing "the document of Canada's historical background, the constitutional documents, as well as those charters of freedom that are ours by reason of heritage." This, while not original by any means, is a good suggestion. However, the celebration can not end there. The centennial administration might consider officially adopting and recognizing—inside Canada to the same extent it has been adopted and recognized abroad—the Red Ensign as this country's flag; its members might officially consider the adoption of a suitable national anthem to replace the obnoxious "O Canada" which is used as but is not the—or a—national anthem; and they might consider Dominion-provincial "birthday presents" along the order of community serving buildings as projects.

In fact, there is a lesson to be learned from the recent birthday celebrations in this province, Alberta and Saskatchewan: that while the actual celebrations were of little, if any, lasting value, physical "gifts" to the various communities can be employed usefully and are a lasting monument to the occasion. It should be noted, too, that the "stop of interest" signs which were erected at suitable points along our highways in this province, added not only interest and information for the tourist but also for local citizens as well.

One factor will surely stand out clearly, though, among the welter of ideas and suggestions which Ottawa has and will receive on the matter: the central theme should be unity.

It has been quite amply demonstrated, during two world wars if nothing else, that Canadian unity has not progressed as far as it should during the first century of nationhood. The centenary, then, should be used in part at least to promote and further this unity as much as possible.

The only question remaining is how?

## Fall Fire Precautions

Proper precautions against fire could lower the average of 230 fires that break out in Canada each day. Some 230 children die in fires each year. Property damage costs Canadians nearly \$100 million.

Because of increased use of heaters, fireplaces and stoves during fall and winter months, the following suggestions for greater safety are made:

1. Have electrical wiring checked before winter sets in.
2. Electrical repairs and extensions should be done by qualified experts.
3. Chimneys and heating equipment should be cleaned and checked at least once a year.
4. Clear old magazines, rags and

other inflammable objects from attic and basement.

5. If your house is an old one, be doubly sure that all heating and electrical equipment is safe.

6. Keep small children away from stoves and heating equipment.

7. Use only clean, first quality fuel for heaters and furnaces.

8. Do not block exits or stairways with portable heaters.

9. Matches and cigarettes are a major cause of fire; make sure they are not left burning.

10. Do not smoke in bed.

11. Be sure that ash trays are readily available in every room.

CONFERENCE SUPPORT

## LETTERS TO THE EDITOR

A SLIP  
The Editor,  
Daily Courier.

Dear Sir:  
In Saturday's edition of the Courier, dated Sept. 23, there is an article under the heading "Illustrated Sunday School Lesson."

I wish to draw your attention to your statement "John the Baptist spent the long years of his life overseeing the churches in Asia," that he was 95 years old when he died.

It was John the Apostle who lived to be a great age. He died on the Isle of Patmos, verses 6 to 11 you will see that John the Baptist was imprisoned and beheaded while quite a young man. He was about the same age as Christ.

I consider you should make a correction as this statement is quite misleading to some who will read it.

I am signing myself  
SUBSCRIBER.  
Editor's Note: Of course, the subscriber is right. Evidently the writer made a slip of the pen—or typewriter.

TIME CHANGES  
The Editor,  
Daily Courier.

Sir: Attempts are being made by a few head shrinkers, to change the present daylight saving hours. Some want a continuation to Daylight Saving to the year around. Others require an extension of days, while some wish to stay on Standard time all year.

On behalf of many of the heavy workers, also mothers and children, personally, I do not think any change in daylight saving months should be changed at all.

Most workers now have a five-day week. Twenty years ago it was a 48-hour week; 30 to 50 years ago a 10-hour work day, which amounted to a 60-hour work week. Yet with a 50-hour work week, some claim they cannot work enough on their own places.

How did we manage working 60 hours a week? Daylight saving is quite a strain on women and children, too long; hours for small children. I am not in favor of daylight saving time being extended by another month.

If we are to have daylight saving at all let there be no change in ending month.

Thanking you,  
BILL WILLIAMS,  
Ethel Street.

AN OPINION  
The Editor,  
Daily Courier.

When I arose on a point of procedure in the public hearing conducted today in this city by the Comptroller of Water Rights in the matter of the conduct and procedure of the hearings, I did so because I felt that the Comptroller of Water Rights had no moral right to sit here and adjudicate the sworn testimony that was being given.

The Comptroller of Water Rights did, in 1955, make a statement prejudicial to his position regarding the Columbia Development before the External Affairs Committee of the House of Commons. He also received warm praise from the Minister of Lands and Forests when reading from a prepared address on the floor of the B.C. Legislature on February 8, 1961, wherein the minister listed him among the members of the Policy Committee who assisted in consummating the Columbia River Treaty between Canada and the United States. How could he appraise any evidence objective with already preconceived views?

When I asked Mr. Paget to suspend the hearings forthwith, I did so on the basis that he had no moral and legal grounds to adjudicate or come to a judicial decision on this very

important matter because of his already close association with the formation of the Columbia River Treaty terms. He is, in effect, now adjudicating a policy which he himself helped to formulate.

Acting as he was, as a J.P. under authority of Clause 2 (g) of the Water Act, he had right to sit as such with the already

stated prejudices and it seems likely that the courts might well disallow the entire hearings in the event of an appeal being taken.

This in my well considered opinion is a complete departure from British Justice.

G. HOBBS,  
M.L.A.

### REPORT FROM THE U.K.

## Labor Hopeful For Election

By M. McINTYRE HOOD  
Special London (Eng.)  
Correspondent  
For The Daily Courier

LONDON — The British Labor party is already looking forward hopefully to the next general election, although it is not due for a couple of years yet. With the party well up with the Tories in public opinion polls, the program for its national conference at Blackpool in October is designed to place emphasis on the image which it will present to the electors. Out of it is likely to emerge a new look, slicker and smoother. Labor Party, aimed at meeting the Conservatives on their own ground.

With a view to getting the party on a more solid and attractive basis, the conference will have presented to it for consideration and approval a three-point plan of action.

NEED MORE MONEY  
The first point in the plan is directed at raising the annual subscriptions from the trade unions and individual members

by about \$224,000, in order to wipe out the financial deficit, which by the end of this year will be about \$360,000.

The second point is to lay plans for a complete overhaul of the party organization. This involves the appointment of more skilled professional leaders, and a new program of political education for the rank and file members of the party.

The third is to improve the party's public relations, in order to "sell" Labor policies more effectively to the electorate.

HAVE CHANGED VIEWS  
The new financial proposals are certain to produce some heated debate. They provide for increasing the affiliation fee for every trade union member from 10 cents to 14 cents a week, and for constituency parties from \$56 to \$140 a year.

At last year's conference, a proposal to increase the subscriptions was voted down. Since then, however, several of the more prominent union leaders who were against the increase, have changed their views. They are now beginning to face up to the necessity of increasing the financial support given to the national executive.

And they agree that the time is now ripe to begin the spadework in preparation for the next general election, which may come in 1963.

There is no doubt that Mr. Gaitskell will emerge from the conference with strong backing for his policies, particularly on defence. And elections to the national executive are expected to strengthen his support from the right wing.

For instance, it is considered very likely that Miss Margaret Horblin, M.P. for Lancaster and a strong Gaitskell supporter, will oust from a seat on the executive Miss Lena Jeger, who last year was prominent in the anti-Gaitskell movement.

SCRATCHED BY BAT  
TORONTO (CP) — Bobby Reeves, 3, of Toronto, scratched by a rabid bat at the family's farm near Barrie Sept. 2, Friday was reported fighting for his life in hospital. Doctors are using anti-rabies serum in an attempt to arrest the fatal disease before the incubation period is up.

Bobby's father, Mr. Gordon Reeves, who killed the bat after he heard Bobby crying, said the bat hit a window, flew against a wall and fell on the boy's bed.

TILTS AT TARTANS  
NORWICH, England (CP) — The Earl of Cranbrook took a tilt at Scotland's tartans in his presidential address to the British Association. He described tartans and traditional dancing as "artificial products of mid-Victorian romanticism."

### OTTAWA REPORT

## A Street In History?

By PATRICK NICHOLSON

24 Sussex Street is to Canada what Number Ten Downing Street is to Britain, and the White House is to the U.S.A.: the official residence of the chief executive of the national government.

But is "24 Sussex Street" destined to be enshrined in our history books, in the same way that it now ranks as the most famous address in Canada? Recent discussions in the House of Commons suggest that it may be no more than an unwanted piece of unstoried real estate, with passing fame as the site of Canada's first large private fall-out shelter.

Mr. J. W. Pickersgill, a former Liberal cabinet minister, suggested in parliament recently that the Canadian government should approach the British government, and offer to exchange 24 Sussex Street for Earscliffe, the British-owned official residence of the British high commissioner to Canada.

Earscliffe is, like 24 Sussex Street, a large grey stone mansion, set back from the street in spacious treeed grounds, and sited on the cliff overlooking the broad Ottawa River. It has the tremendous historic association that it was the private residence of Canada's first prime minister, Sir John A. Macdonald, and the place where he died in office June 6, 1891. 24 Sussex Street has a less glorious past, having been the site of Isaac McTaggart's distillery and later the home of a Mr. Joseph Currier, M.P., and then of Senator W. S. Edwards.

EVER LIBERALS ADMIRE IT

Mr. Pickersgill raised the point that prime ministers of other parties might not consider Earscliffe to be a suitable residence for them, since it was the home of a Conservative prime minister. "But," he added, "I think any Liberal prime minister who was not willing, and would not consider it an honor, to live in the house in which Sir John Macdonald lived, would not really deserve to be prime minister of Canada."

Prime Minister John Diefenbaker revealed to parliament

that Mr. Pickersgill wrote this suggestion to him "some months ago." He added that he felt sure that, bearing in mind the amicable way in which such matters are settled between the United Kingdom and Canada, the British government would not raise too strong an objection if such a switch were proposed. British officials here, however, say that no such suggestion has yet been made to them formally.

There are two possible disadvantages to Mr. Pickersgill's great real estate barter. The first is that Earscliffe cannot match the larger No. 24's eight main and guest bedrooms, in addition to five staff bedrooms, which enable our prime ministers to entertain foreign VIPs and their entourage. Secondly, a big bridge will shortly be built to carry the heavy traffic across the Ottawa River between this city and its extension in the province of Quebec. The approach roads will almost adjoin the Earscliffe grounds, so the flow and racket of traffic will shatter the quiet charm of Earscliffe.

EXAMPLE SET FOR US

Later that same day in parliament, Prime Minister Diefenbaker revealed that he has set an example to all Canadians, by having a fall-out shelter built in his basement, along the very lines suggested for all Canadian homes in the government's widely-read pamphlet, "Blue Print for Survival No. 1."

"It was suggested to me," the prime minister said, "that we should have a shelter in 24 Sussex Street which is really protective to the 10th degree." But he preferred to settle for a shelter against radio - active fallout only, such as is available to all Canadian families in their own basement. It is only in size that Mr. Diefenbaker's shelter—"and that is where I shall be when and if war should come," he said—differs from what you and I are urged to construct in our own basements. That is because his shelter is to accommodate his domestic staff as well as Mrs. Diefenbaker and himself.

### INSIDE YOU AND YOURS

## Sickness All In Mind?

By BURTON H. FERN, M.D.

Is morning sickness all in the mind?

Or are you really sick?

You wake up with that queasy feeling, unable to face breakfast. You know that what goes down must come up!

You stuff yourself in the P.M. but the next A.M.—here we go again!

Morning sickness strikes expectant mothers afternoon and evening, too.

Around-the-clock sickness can be serious. You can't eat—or you're afraid to! And so your starving body burns fat stores to flood you with acid. Your stomach grows still more. Even water won't stay down.

WHAT HAPPENS

Morning sickness erupts about the fifth or sixth week. The fertilized egg is burrowing into the womb wall while the afterbirth rapidly manufactures a hormone (chemical) to insure against miscarriage. An over-enthusiastic afterbirth may trigger morning sickness.

Perhaps extra hormones explain why expectant mothers have trouble burning nourishing protein and carbohydrates. Their blood tests show less sugar and fewer protein breakdown products in the circulation.

Still, easy-to-burn sugar and starch may cure you. A cracker or two before you get up helps keep other foods down.

Frequent small feedings nourish you better than three ordinary meals, which are apt to bloat your stomach and bounce back up.

SOLIDS BEST

Go easy on fluids; solids stay down better. Munch dry cereal, popcorn, toast and zwieback. Baked rice and baked potatoes help, too.

You need plenty of vitamins

—especially vitamin B-6 (pyridoxine). Expectant mothers have growing demands. Vitamin B-6 helps burn nourishing protein and carbohydrates and takes the sickness out of morning.

VITAMINS HELP  
The round-the-clock sufferer who can't keep anything down needs vitamin shots. Special tranquilizers and other medicines also soothe irritable stomachs. Rest, fresh air and prescribed exercises all help.

Morning sickness that darkens your days needn't dampen your spirits! Remember, it's just the short night before the dawn of a new life.

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to will use readers' questions in answer individual letters, he will column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

### BIBLE BRIEFS

Sin, when it is finished, bringeth forth death. — James 1:15.

Neglect of God's forgiveness in Jesus Christ bringeth the death penalty.

### ODD FACT

In support of President Kennedy's call for better youth physical fitness, a retired industrialist in Chestertown, Md., offered to pay for any windows broken by sandlot baseball players throughout the country.

## Milk Quota System Approved By Board

A report from Len Bawtree, president of Kamloops-Okanagan Dairymen's Association, states that the directors were very pleased with the new

quota system. This new system was the unanimous choice of the committee, composed of Mr. Carr, Chairman of the Milk Board,

the four producer members of the Advisory Committee to the Milk Board—Messrs. E. Stickle, A. McKinnon, R. Mitchell and W. Savage—and C. Wallis, manager of the B.C.F.A. After finding that this new quota system was within the terms of the milk act, a meeting was called of delegates from all producer groups in the three milk board areas and including the original committee.

According to the delegates attending the meeting, it was the most harmonious in the history of B.C.'s milk industry, with every delegate voting in favor of the proposed changes in allocating quotas.

Len Bawtree, president of KODA states that the new quota for this area, taking into consideration only the known months of 1961 with those of 1960, would be 77,517 lbs. a day, giving 2,403,027 lbs. for 31 days and 2,325,510 lbs. for 30 days.

**QUOTA GREATER**

This quota is greater than the area's class one sales, with the exception of July and August, at which time we would have to use some of our excess milk, as we did this year, and also to a great extent in 1959.

According to the KODA directors, the fact that some excess milk may be paid for at a class one price in the summer, plus eliminating the necessity for all producers to produce large amounts of excess milk in the winter months, will encourage greater production for our high sales month in the summer.

This was also the thinking of many of the delegates at the recent meeting in Vancouver, including the chairman of the milk board, Mr. Carr.

## Vernon Chamber To Vote On B.C. Power Takeover

VERNON (Staff) — The Vernon Chamber of Commerce will vote this week on an executive resolution urging provincial government takeover of all private power facilities in B.C.

The move will be voted on at a special meeting on Tuesday in the National Hotel. It follows a letter of protest from the chamber to the B.C. chamber executive about two weeks ago over the "arbitrary" method used by the B.C. government in setting the price on the B.C. Electric takeover.

And it follows a Fraser Valley Municipal Association reso-

lution approved by the UBCM convention asking for a status quo on tax agreements at present in effect between the new public power authority and municipalities formerly served by the B.C. Electric Company. The resolution makes it clear that the chamber does not agree with the principle of expropriation.

But it adds: "All areas in the province stand to benefit on a long term basis by improved availability and lower cost of power from large provincially-owned hydro developments and transmission systems."

## "OPERATION VERNON"

# Defence Exercise Conveys Horrors Of Nuclear War

VERNON (Staff) — Screams of a "hysterical" woman, the crackling of flames and shock of realistic atomic bomb "casualties" marked Canada's biggest joint Army-Civilian re-entry civil defence exercise here Saturday.

Held under persistent rain in the later stages which drenched more than 400 watching Union of B.C. Municipalities delegates and their wives, "Operation Vernon 1961" saw more than 1,000 regular Army, militia personnel and civilians move into the "Devastated" city in the rescue operation.

The five-hour exercise was held mainly for the benefit of the convention delegates which wound up their business sessions on Friday.

Following a wailing alert siren, provincial civil defence coordinator Brig. J. F. A. Lister spoke to the assembly before they embussed to view the exercise from six other stands throughout the city.

Brig. Lister, in a "face-facts" address, said it was the hope of the civil defence organization could be brought to a uniform standard of excellence throughout B.C.

Among other things, he urged municipal councils to study their manpower and equipment resources, establish legal lines of succession for elected officials, and to create warden, rescue and radiation monitoring services.

"If all municipal government adopt these measures there will be no weak links in the chain," he said.

B.C. area commander Brig. J. W. Bishop, in introducing the exercise, said: "I am quite sure you can see that we have progressed a long way in the last year not only in planning but in actually establishing key installations required to make the national survival attack system a valuable instrument for the safety of the people."

**MOVES AHEAD FAST**

Following explosion of a special "bomb" which shot up a mushroom-shaped pillar of white smoke, the exercise moved into downtown Vernon where rescue operations, evacuation, treatment, decontamination and feeding of evacuees was demonstrated.

An old building was burned down in Chinatown in a graphic illustration of a rescue operation, while "badly-wounded" people were dragged from beneath the rubble.

Clouds of spray and soot descended on the hundreds of spectators who were also suffering from the drenching rain.

In the Junior High School, which was turned into an advanced treatment and welfare centre, men, women and even young children were brought in, made up to look like victims of a nuclear strike.

At one point a "hysterical" woman was treated, startling the assembly with her piercing screams.

The high school was thrown open to the public in the later afternoon.

**REAL CASUALTY**

A real casualty was a young CD volunteer, Shirley Beal, who was chilled to the bone by exposure as a "casualty" to the rain and chilling cold.

She was treated and sent home hardly worse for wear. Most of the assembly of delegates, much larger than earlier anticipated, was impressed.

Even Vancouver Mayor Tom Alsbury was moved to praise, but he added: "It seems an unreal world when we have to spend time and energy this way."

## WANTED

50 Kelowna Area Homeowners to Convert from a Two-Wire to a Three-Wire Electrical Service

**\$1000.00 REWARD**

will be paid by the Kelowna Electrical Service League

Each of the Kelowna area homeowners presently on a two-wire electrical service can qualify for a \$20.00 CASH FAYMENT if you convert to a three-wire 100 ampere service. Today's modern electrical living demands at least a 100 ampere service for complete safety and convenience. Let us assist you in bringing your home up to a certified "Full Housepower" electrical rating.

OFFER GOOD UNTIL DEC. 15, 1961

For full information, contact the Electrical Superintendent, City Hall, PO 2-2212 or West Kootenay Power District Supervisor PO 2-2887.

## Huge Okanagan Display Was Highlight Of UBCM

VERNON — One of the highlights of the UBCM convention held in Vernon last week was the 44-foot Okanagan Valley display placed at the north end of the Vernon Arena directly behind the head table.

This display was featured at last year's P.N.E. in Vancouver by the Okanagan Valley Tourist Association on an accepted design submitted by Idwal Evans, secretary - manager, Vernon Chamber of Commerce.

Two weeks ago Alderman Ellwood Rice, chairman of the decorations committee, UBCM, approached the Vernon Chamber of Commerce requesting that the O.V.T.A. display be erected if possible at the Vernon Arena during the UBCM convention.

With the aid of City of Vernon staff, kindly supplied by city engineer Mr. Dave McKay, and under the directions of Mr. Evans, this colourful display featuring the combined scenic, productive, climatic and vacation attractions of the Okanagan Valley, was put into place, thus providing a fine source of publicity to the Okanagan.

As at the P.N.E., B.C. Tree Fruits Ltd., Kelowna, through the kindness of Mr. W. J. R. Green, advertising manager, supplied the 20 ft. Okanagan scenic mural and apple orchard picking, grading, and packing illuminated colorful shadow boxes, providing authentic material typical of the valley.

Vernon business firms loaned various vacation items and fruit supplies by a local grower topped off this display.

Alderman Rice, highly pleased with the finished product, stated that the decision to feature the Okanagan Valley as a whole, in place of a straight Vernon display, was a tribute to the close teamwork, efforts and accomplishments, of the O.V.T.A.

## Youth Penalized For Radio Theft

VERNON (Staff) — William Yermaych of the city was given a one-year suspended sentence in county court last week for theft.

The accused was convicted of stealing a radio from a car parked at Cosen's Bay last summer.

## Hospital Busy In August

VERNON (Staff) — Vernon Jubilee Hospital report for August shows there were 376 admissions during the month. Births numbered 43 while 2,642 patient days were recorded. Total admissions for the year to Aug. 31 were 2,705. Operations for August show a \$3,163 deficit.

New staff who joined the hospital in August were John Forrester, senior laboratory technician, Miss Georgina Nunn RN, and Miss Josephine Aletha, RN.

Also joining the staff in August were Misses Mary Holzman, RN, Pauline Lastwika, RN, Phyllis Hubie, RN and Hilda Imal, RN.

The public relations committee, chaired by Alan Hughes has been active giving talks in connection with the proposed hospital extension bylaw which will be voted on Oct. 20.

## LONG WEARING

Nylon, the strongest of the man-made fibres, has excellent resistance to abrasion.

## Stuart Fleming Speaks To Union In Armstrong

By NORMA I. KROCHENSKI

At a meeting of Local 202 Farmers' Union Wednesday, those present were privileged to have as guest speaker, Stuart Fleming, MP for the North Okanagan-Revelstoke.

The Hon. F. X. Richter, who had been scheduled for this duty, had wired on Monday advising that he would be unable to attend.

Mr. Fleming gave a very interesting address, even though all his files were in Ottawa, and he had had no advance notice of the meeting.

He stated that anything that is done to strengthen the econ-

omy of a country also helps agriculture. In British Columbia, and in our Interior, farming and forest operations are closely tied together, for example.

He mentioned the Conservation Conference being held in Montreal next month, and pointed out that this conference, which in its beginning was concerned only with soil and water conservation, now has widened its interests to include numerous branches of these.

He pointed out that development of our natural resources is most important, and requires policy co-ordination between departments of the government.

**AID FARMER**

Mr. Fleming enlarged on this, showing how different acts of government do aid the farmer. The Price Stabilization Act, for instance, which provided for the payment of some 62½ millions of dollars to farmers in the years 1959 and 1960.

He felt that another — the Farm Credit Act, which makes loans to farmers for farm improvements — is not used so much as it could be.

The Agriculture and Development Act, too, was explained. This act empowers the government to enter into agreements with provincial governments or agencies for the joint undertaking of the following:

1. Alternative uses of lands that qualify as marginal, or low productivity.
  2. Development of income and employment opportunities for rural agricultural areas.
  3. Development and conservation of water and soil resources.
- (This plan to pool all resources on a broad concept is estimated by the minister of agriculture to cost not less than 600 millions of dollars over a period of ten

years.)

**QUESTION PERIOD**

A question and answer period followed, during which the problems of local potato growers were discussed.

It has been a difficult year for growers in this area because of the early U.S. harvest and their good crop outturns. Mr. Fleming stated that since U.S. potato prices were not out-of-line with Canadian prices, it was impossible to enforce the "anti-dumping act."

He pointed out that if tariffs were imposed, as had been suggested, this would undoubtedly result in retaliation on Canadian exports. He urged the necessity for Canadians (and especially housewives) to buy Canadian products to avoid these pitfalls.

Mr. Fleming informed the meeting he would be glad to pass on to the minister of agriculture, any recommendations from the farmers in this local with a view to helping the producer, and also to bring these up in the House.

The suggestion was made that thorough investigations by government of co-operative operations should take place, to which Mr. Fleming replied that too much government interference in business affairs is not advisable and would eventually take away independence.

Mr. W. J. Jecoff, member from Salmon Arm, addressed the meeting briefly, and said he agreed with Mr. Fleming's opinions of government interference, and believes that farmers can help themselves by organizing and solving their own problems.

Mr. Len Bawtree of Enderby, president of the Kamloops-Okanagan Dairy Association was called on to speak on the new regulations re milk quotas.

WOMEN'S EDITOR: FLORA EVANS

KELOWNA DAILY COURIER, MON., OCT. 2, 1961 PAGE 7

## AROUND TOWN

Mr. Michael Hawkins is leaving on Tuesday on the C.P.A. Inaugural Flight to Rome. After enjoying a few days in Italy he will attend the Convention of the American Society of Travel Agents in Cannes. He plans to return home via Geneva and London after visiting relatives there.

Dr. and Mrs. A. S. Underhill are driving to Kamloops on Tuesday to attend the B.C. Medical Convention, also attending the Convention will be Dr. and Mrs. Gordon Wilson of Kelowna.

Mr. and Mrs. E. N. Popham left yesterday for the prairies where they plan to visit relatives and friends in Fort McLeod, Barons, Calgary and Edmonton, for the next few weeks.

The Rebekah Lodge No. 36 commemorated the founding of the Rebekah Degree by a potluck supper which was very well attended. The order was founded by Schyler Colfax 112 years ago and the Ritual that he established is still used in all Rebekah Lodges today.

Sister Lakin gave a wonderful talk on the Order touching many subjects, and the monthly meeting followed. The next effort of the Lodge will be the Bazaar which will be held in November when the Rebekahs hope to see their many friends.

**NIGERIAN ADVENTURE**  
To those Kelowna teachers who have felt a yearning from time to time to pull up stakes and head for adventure in far places the letters of Mr. Ed Wahl who is now lecturing at the Teachers College in Nigeria should be very interesting.

As so often happens, that which promises adventure is running true to form, providing new scenes and people, but also providing a good sprinkling of annoyances and inconveniences. Mr. Wahl's travels went off to a good start and all went well on his trip, however the Government Department responsible for shipping the goods

**GOLDEN WEST LOAF**  
1 1/4 oz. can Veggieburger  
1 cup cooked brown rice  
1 tsp. Savorex  
1 cup rolled oats  
1 1/4 oz. can Veggieona mashed or ground  
2 cups grated raw carrots  
3 tbsps. soy flour  
Shape into 1 large loaf or two small ones. Bake 350 degrees F. for 45 to 55 mins. Baste with the following sauce.

**EMPIRE BISCUITS**  
1/2 lb. margarine  
1/2 cup icing sugar  
1/2 tsp. vanilla  
2 cups flour  
1/2 cup Bird's Custard powder  
Beat margarine and sugar together. Add dry ingredients and vanilla. Roll out and cut. Bake 400 degrees F. for 15 minutes.

**LITTLE PIGS AND POTATOES**  
6 medium potatoes  
1/2 lb. link pork sausage  
1/2 lb. Am. Cheddar cheese  
Bread crumbs  
White Sauce:  
4 tbsps. butter or margarine  
4 tbsps. flour  
1 tsp. salt  
Dash pepper

**BAKED SOYBEANS**  
6 cups cooked soybeans  
2 tbsps. molasses  
A drop or 2 of Mappeline  
2 tbsps. brown sugar  
2 tbsps. oil or margarine  
Juice of 1 lemon  
Salt to taste  
1 can of tomato soup  
1 medium sized onion chopped fine.

**CASSEROLE DISH**  
3 raw potatoes sliced (med. sized)  
2 med. sized onions chopped fine  
3 cups med. white sauce with 4 tbsps. food yeast added  
3 raw carrots med. sized shredded  
2 cups finely cheddar cabbage  
Put the above shredded vegetables in a buttered casserole dish in layers. For example: potatoes on the bottom of dish, carrots on top of potatoes, cabbage on next with onions sprinkled on top or mixed in the white sauce. Pour white sauce on top. Bake at 325 degrees F. for 1 1/2 hours.

**YOMATO CREAM**  
12 tomatoes  
12 apples  
12 onions  
1 pt. vinegar  
2 cups sugar  
1 tbsps. mustard  
1 tbsps. celery seed  
1 tsp. salt  
2 1/2 tsp. tumeric  
Few grains red pepper  
Boil onions, apples and tomatoes until soft and put through sieve. Add all ingredients and boil for half an hour.

**FRUIT PUNCH**  
2 cups white sugar  
3 cups boiling water  
3 cups orange juice  
3 cups grapefruit juice  
3 tbsps. maraschino cherry juice

**CHOCOLATE ICE CREAM**  
1/2 squares unsweetened chocolate  
1/2 cup eagle brand milk  
1/4 cup milk  
1/4 tsp. vanilla  
1/4 tsp. salt

**COCKTAIL NIBBLES**  
6 oz. pkg. pretzels  
1 pkg. Cheerios (7 oz.)  
1 pkg. Shreddies (7 oz.)  
1 lb. salted peanuts  
1/2 cup margarine  
1 tbsps. garlic salt  
1 tbsps. onion salt  
1 tbsps. celery salt  
1/4 cup Worcester sauce  
Slow over 225. Mix together and pour sauce over cereals etc. and mix thoroughly. Cover and bake for 1 hour; uncover and bake another hour. Stir occasionally. Store in covered container preferably and they will keep for weeks.

**LEMONADE**  
2 oz. citric acid  
2 lbs. sugar  
2 lemons sliced  
2 qts. boiling water.  
Stand 12 hours.

**MUSHROOM BARBECUE RICE**  
Place two sheets of aluminum foil (about 18-inches square) on top of each other in a small bowl. Press into bowl to form a pouch. Add 1 1/4 cups packaged pre-cooked rice, 1 1/2 cups of water, 2 tbsps. chopped onion, 1/2 tsp. salt, 1/2 tsp. pepper, 1 tsp. meat sauce, 1 tsp. prepared mustard, 1/2 tsp. butter and 1 cup canned or fresh mushrooms.

**APPLE CRISP**  
Peel and slice apples to almost fill a pyrex cake dish, and sprinkle with enough brown sugar to sweeten (about 3/4 cup) Add a dash of nutmeg and pinch of salt. Blend together 4 tbsps. butter, 1/2 cup brown sugar, 3/4 cup flour and pinch of salt until mixture crumbles. Sprinkle over apples and bake in a moderate oven (400 D.) until apples are cooked and top browned. (about 1/2 hour).

**LEMON SOUFFLE PUDDING**  
Grated rind and juice of 1 lemon  
1 cup granulated sugar  
2 tbsps. flour  
2 tbsps. butter  
2 eggs yolks  
1 cup milk  
2 egg whites, beaten stiff  
Grate lemon rind and cream with sugar, flour, and butter. Add egg yolks and beat well. Add milk, and fold in beaten egg whites. Bake in buttered pudding dish or casserole, in pan of water, for one hour or until lightly browned, at 350 D.

**CHOCOLATE ICE CREAM**  
1/2 squares unsweetened chocolate  
1/2 cup eagle brand milk  
1/4 cup milk  
1/4 tsp. vanilla  
1/4 tsp. salt

**CHOCOLATE ICE CREAM**  
1/2 squares unsweetened chocolate  
1/2 cup eagle brand milk  
1/4 cup milk  
1/4 tsp. vanilla  
1/4 tsp. salt

## SWINGING PARTNERS

By M. J. L.

Happy Square Dance Time Again, or should we say still, as we never do stop square dancing, however it is the beginning of a new season.

On September 23rd Scotty Hitchman of Winfield emceed a Benefit Dance for the baseball club in Winfield. There was a good attendance of dancers from Enderby to Oroville and all were happy to hear the ball team cleared their debt. Guest callers on the program were Bill French of Oroville, Fred Proulx of Oliver, Chuck Inglis of Peachland, George Fyall of Kelowna and Dave Carmichael of Vernon, also Johnny Bogart of Enderby and Walter Malloch of Winfield, two of the newer callers in the valley. Four men blind folded, at pop break, and wearing mitts were given a nylon to put on, which provided a fun-filled intermission.

Square Dance Classes will commence throughout the valley during the month of October. This is the only time throughout the year that new dancers are taken, so be sure to clip these dates as they appear and staple to your calendar. All classes are 50 cents each and most run from 8 to 10:30. The beginners classes take anyone interested in learning the fundamentals of square dancing, for the first two or three nights only, and

after that the door is closed for the season.

**VERNON**  
The Kalamalka Square Dance Club will start their intermediate classes on Friday Oct. 6th in the West Vernon School with Joe Card of Armstrong instructing this class.

**OKANAGAN LANDING**  
The Okanagan Landing Square Dance Club will start their Beginners Classes on Wednesday Oct. 11th in the Landing Hall at 8 p.m., followed by an hour's intermediate dancing. George Fyall of Kelowna will instruct these classes.

**VERNON**  
The Buttons and Bows Square Dancing Club of Vernon will start their Beginners Classes with a Free First Night on Friday, October 13 at 8 p.m. in St. James School. Everyone is invited to attend. Chuck Inglis of Peachland will instruct this class.

Dates for the classes in your town will appear in the next couple of columns.

We had just one notice on hand for a Party Night in the valley Saturday and that was the Kick-Off dance hosted by the Kalamalka Squares in Vernon. This dance was held in the Scout Hall and Joe Card of Armstrong was the emcee. Lunch was provided and all square dancers were cordially invited. In Spokane last week-end, we had a notice for their Grand Opening Square Dance Jamboree, sponsored by the Spokane Area Council and Spokane Callers League at the new Western Dance Centre at 8 p.m.

Glancing to this week — The Kelowna Wagon Wheelers Square Dance Club will host their first Party Night of the season in the Centennial Hall Saturday Oct. 7th at 8 p.m. Ray Fredrickson of Summerland is the emcee and guest callers are invited to bring their records. Refreshments will be provided.

Till next week —  
**HAPPY SQUARE DANCING.**

## IN MOTHER'S FOOTSTEPS?

Ingrid Bergman's daughter seems to be having about the same luck with her matrimonial life as her mother. Seen here with husband, F. Callaway III, Jenny Ann Lindstrom, has moved out of their apartment in San Francisco, in a split-up this week. Picture shows the pair a few days after their marriage in 1960.

## RECIPE CORNER

The recipes appearing in this column are those which were submitted for The Daily Courier Cook Book Edition, but which could not be used for lack of space. They are published herewith in appreciation of those who submitted them and for the enjoyment of the many homemakers who are readers of this newspaper.

### DATE SURPRISE

Stuff each date with a piece of glazed pineapple or a piece of candied cherry and wrap the date in good pastry. Bake in hot oven 450 D. for 10 minutes. Reduce heat to 350 D. for another five minutes or until pastry is golden brown. When cool coat with butter icing and decorate with small pieces of cherry.

Kelowna Rebekah Lodge No. 36

### COFFEE RICE PUDDING

1 1/2 cups packaged pre-cooked rice  
1 cup milk  
1/2 cup butter or marg.  
1 cup sugar  
1/4 tsp. salt  
1 cup strong coffee  
1/2 cup seedless raisins  
3 eggs slightly beaten  
1 tsp. vanilla  
2 cups milk  
Combine rice, coffee and 1 cup milk in double boiler, cook over boiling water until most of liquid is absorbed, about 15 min. With fork stir in raisins and butter. Combine eggs, sugar, milk, vanilla and salt, add to rice mixture. Pour into greased casserole, sprinkle with nutmeg. Set casserole in pan of warm water and bake in a moderate oven 350 D. for 40 to 50 minutes or until knife inserted at outer edge of pudding comes out clean. Serve hot or cold with plain cream.

N. J. S.

### GERMAN APPLE CAKE

1/2 cup butter  
1/2 cup sugar  
1/2 tsp. salt  
2 eggs  
1 cup flour  
1/2 tsp. vanilla  
Grated rind of 1/2 lemon  
Cream butter and sugar, add 1 egg at a time beating vigorously. Add flour and salt which have been sifted together and lemon rind. Pour into oil-slicked pan. Cut apples into slices about 1/2 inch thick and arrange in rows on top of batter. Sprinkle generously with sugar and a little cinnamon. Dot with butter. Bake in moderate oven 350 D. about 40 minutes.

Sauce:  
2 tbsps. butter  
1 tbsps. flour  
4 tbsps. sugar  
1/4 tsp. salt  
1/4 cup water  
1 tsp. vinegar  
Dash of nutmeg  
Melt butter, add flour and sugar and mix well. Add water gradually, stirring constantly. Add nutmeg, vinegar and salt. Cook about 5 minutes.

P. MacPhail

### STEAMED PUDDING

2 cups graham cracker crumbs  
1/2 cup seedless raisins  
1 small can milk  
1/2 cup very finely chopped walnuts and coconut  
1 cup brown sugar  
2 tbsps. baking powder  
1 egg  
Mix graham cracker crumbs and brown sugar thoroughly, add baking powder, raisins, walnuts, coconut and egg. Then stir in can of milk. Place in greased casserole pan, cover with two thicknesses of wax paper and steam 1 1/2 hours in Dutch Oven. Serve with any good sauce.

Mrs. J. F. Prior

Kelowna Rebekah Lodge No. 36

### PUMPKIN CUSTARD

65 calories per serving  
1 1/2 cups canned pumpkin  
1 1/2 cups skimmed milk  
2 eggs  
2 tbsps. sucaryl (or 16 tablets crushed)  
1/2 tsp. vanilla  
1 tsp. cinnamon  
1/2 tsp. ginger  
1/4 tsp. salt  
Place pumpkin in large mixing bowl. Combine Skimmed milk, eggs, sucaryl, vanilla and spices. Add to pumpkin, blended well. Pour into 6 custard cups. Bake in moderate oven 350 D. for 50 to 60 minutes or until a silver knife inserted in centre comes out clean. May also be baked in an 8" pastry shell but this adds 109 calories per serving.

Mrs. D. White, R.R.4.

Okanagan Mission Circle, St. Paul's United Church

### PINEAPPLE SHERBET

65 calories per serving  
Combine:  
1 1/2 cups buttermilk  
3/8 drops non-caloric sweetener  
6 oz. dietetic crushed pineapple  
1 apple  
1/2 tsp. vanilla  
Add:  
2 tbsps. unflavored gelatin  
2 tbsps. cold water (mixed and dissolved over hot water)  
Freeze. Break into chunks and beat with beater until smooth. Fold in 1 stiffly beaten egg white and return to frig. Half an hour before serving, remove to room temperature.

Mrs. D. White, R.R.4.

Okanagan Mission Circle, St. Paul's United Church

### QUEEN OF PUDDINGS

1 cup of soft bread crumbs  
1 pint of scalded milk  
1 egg and 1 egg yolk  
1 tsp. vanilla  
Pour hot milk over broken bread; add eggs beaten with 4 tbsps. sugar; add vanilla, and bake in oven in pan of hot water at 375 D. for 45 minutes. Spread with jam and meringue, and brown.

Mrs. G. Hlman, 1051 Leon Ave.

Okanagan Mission Circle, St. Paul's United Church

### APPLE CRISP

Peel and slice apples to almost fill a pyrex cake dish, and sprinkle with enough brown sugar to sweeten (about 3/4 cup) Add a dash of nutmeg and pinch of salt. Blend together 4 tbsps. butter, 1/2 cup brown sugar, 3/4 cup flour and pinch of salt until mixture crumbles. Sprinkle over apples and bake in a moderate oven (400 D.) until apples are cooked and top browned. (about 1/2 hour).

Mrs. G. Hlman, 1051 Leon Ave.

Okanagan Mission Circle, St. Paul's United Church

### LEMON SOUFFLE PUDDING

Grated rind and juice of 1 lemon  
1 cup granulated sugar  
2 tbsps. flour  
2 tbsps. butter  
2 eggs yolks  
1 cup milk  
2 egg whites, beaten stiff  
Grate lemon rind and cream with sugar, flour, and butter. Add egg yolks and beat well. Add milk, and fold in beaten egg whites. Bake in buttered pudding dish or casserole, in pan of water, for one hour or until lightly browned, at 350 D.

Elsie Warner, R.R. 4

Okanagan Mission Circle, St. Paul's United Church

### CHOCOLATE ICE CREAM

1/2 squares unsweetened chocolate  
1/2 cup eagle brand milk  
1/4 cup milk  
1/4 tsp. vanilla  
1/4 tsp. salt

FOR THE YANKEES

Southpaw Whitey Ford is expected to pitch for the New York Yankees in the opening game of the World Series.

NEW BASEBALL ROYALTY

# Maris Succeeds Throne Of Home-Run Heirarchy

NEW YORK (AP) — Base- ball has two home run kings. The faded Babe Ruth and a modern-day counterpart, Roger Maris.

By decree of commissioner Ford Frick, Ruth still wears the one crown because nobody has been able to surpass his 60 runs in the 154-game season of 1927.

Another crown, however, will have to be fitted out for the blonde head of the 27-year-old Maris, who Sunday smashed his 61st home run on the final day of the American League season, extended to 162 games this year with expansion to 10 teams.

Each campaign, Ruth's in 1927 with New York Yankees and Maris' with the same club 34 years later, had one tie in addition to the games played to a decision. But neither homered in the ties.

Homer No. 61 was struck by Maris off Tracy Stallard, rookie right-hander with Boston Red Sox. It was in the fourth inning and Maris was batting for the second time. In the first inning he lofted a fly to left field.

Stallard's first pitch to Maris in the fourth was high and outside for a ball. The next

match the thrill I got when I hit my 60th (in the Yankees' 150th game), but this beats everything.

"Whether I beat Ruth's record or not is for others to say. But it gives me a wonderful feeling to know that I'm the only man in history to hit 61 home runs. Nobody can take that away from me."

Babe Ruth was a big man in baseball, maybe the biggest ever. I'm not saying I am of his calibre but I'm glad to say I hit more than he did in a season. I'd like to have done it in 154 games but since I didn't, I'm glad now that I did it in 162 games."

A statistical comparison of the two record years shows that Maris was officially at bat 150 times to Ruth's 540. The difference is not that wide in the matter of plate appearances, including walks, sacrifices and hit by pitched balls. Ruth went to bat 632 times to Maris 698.

Ruth had 138 walks and 14 sacrifices in addition to his 540 official at-bats. Maris drew 95 walks, hit seven sacrifices and was struck six times by

HIS GREATEST THRILL

"It's the greatest thrill I ever

GALE FORCE GUSTS

SEATTLE (AP) — Flustered by the bluster of near gale-force gusts, John Rudy and Clint Names of Tacoma, sliced five strokes off par 71 Thursday to take the lead in the northwest pro-amateur golf tournament.

The Tacoma duo played a steady game on the comparatively bare course over which gusts of 40-50 miles an hour swept most of the day. They had a 33-33 card over the par 36-35 layout.

FANS WILD ABOUT SENSATIONAL LEOS

## B.C. Lions Really Roar! Rally Gives First Win

Joy was unconfined in Vancouver this weekend after the lowly British Columbia Lions smote the league's leading Edmonton Eskimos 21-9 for their first victory of the 1961 Western Football Conference season.

While Lions fans deliriously plucked themselves to prove that that sensational last-quarter rally to victory Saturday night was not a dream, there were undisguised chuckles of glee from Winnipeg, where the Bombers easily disposed of Saskatchewan Roughriders, 29-6, to close in on Eskimos.

Bombers now have 16 points to Eskimos' 17 and have two games more to play than Edmonton in the struggle for first place and a bye into the western final playoff. Saskatchewan and Calgary are tied for third with six points each and Stampede have two games in hand over the Riders. They play one of them tonight at Montreal, to wind up the 1961 portion of the Canadian Football League's partial interlocking schedule.

The Lions still are in last place—they had only one tie in 10 games before Saturday's victory.

MAKES LATE RALLY

A crowd of 20,210—smallest of the season at Vancouver's Em-

pire Stadium—watched glumly for three quarters Saturday night as the Eskimos pushed the Lions around the field. Edmonton led 9-7 with five minutes remaining, although they had a much wider edge in the play.

Then suddenly B.C. quarterback Joe Kapp was fading back to his own five-yard line and letting fly with a 60-yard pass that fleet halfback Willie Fleming took on the dead run behind two Edmonton defenders. The former Iowa flash ran the rest of the way to the touchdown and the Lions were ahead.

Less than two minutes later, Lions got the ball on downs and veteran fullback By Bailey punched through the Edmonton line and into the clear for a 38-yard touchdown to clinch the triumph.

LIONS JUBILANT  
The jubilant Lions hoisted coach Dave Skrien to their shoulders and carried him off the field as the crowd went wild at the final gun. Skrien recently replaced deposed head coach Wayne Robinson, who was suspended because of the team's dismal record.

The deciding touchdown was Fleming who missed Lions' last

WILLIE FLEMING  
... 100 yard run

### Exhibition Play Features Fast Action

National Hockey League clubs fanned out across the country for an action-packed weekend that featured eight exhibition games.

Frank Mahovlich scored twice for Toronto Maple Leafs in a game at Vancouver Sunday that saw the Leafs win 6-1 over Vancouver Canucks of the Western League.

In other games Sunday, New York Rangers blanked Hull-Ottawa Canadiens of the Eastern Professional League 2-0, Chicago Black Hawks shut out Quebec 8-0 in Portland, home of the league's American defending champions. The league announced today team coaches will select northern and southern division all-star clubs, each being allowed to vote for any players but those on his own team.

Saturday, in other games all NHL teams scored shutouts. Montreal scored five goals against the WHL Spokane Comets and Detroit fired four against the WHL Portland Buckaroos. Boston Bruins beat the Black Hawks 1-0 at St. Catharines, Ont.

WFC PLAYER QUITS

CALGARY (CP) — Canadian linebacker and fullback Bob Sawyer, who left retirement last month to rejoin Calgary Stampede of the Western Football Conference, quit the club Tuesday. No reason was given. Sawyer appeared briefly as a member of the kickoff team in only two Stampede games.

WHL ALL-STAR MEET

SEATTLE (CP) — The fifth annual Western Hockey League all-star game will be played Jan. 8 in Portland, home of the defending league champions. The league announced today team coaches will select northern and southern division all-star clubs, each being allowed to vote for any players but those on his own team.

## Reds Chances With Ford Slim For World Series

Cincinnati's final tuneups against the left-handed pitching of Pittsburgh Pirates failed to boost the Reds' chances of beating Whitey Ford in the opening game of the World Series at New York Wednesday.

Joe Gibbon of Pittsburgh held the National League champions to seven hits Sunday beating them 3-1 and lefty Al Jackson stopped them 11-6 Saturday.

Bob Purkey, slated to face the Yanks' Bill Stafford in the third Series game at Cincinnati next Saturday, had a fine workout. He allowed only three hits and one unearned run in six innings against the Pirates. However, relief man Jim Brosnan was nicked for four hits, two runs and his fourth defeat in the seven-

enth inning. San Francisco Giants nailed down third place by beating Milwaukee Braves 8-2 in the first game of a doubleheader behind Billy O'Dell. The Braves needed a sweep of the pair to tie for third position, the only place that had not been mathematically clinched before the final day of the regular schedule. They won the second game 3-2 in 10 innings with the decision going to Ron Piche (22) of Verdun, Que.

DODGERS BEAT CUBS

The second-place Los Angeles Dodgers, who finished four games back of the Reds, got 15 hits to whip Chicago Cubs 8-2.

## All Eyes East — Montreal — When Alouettes Meet Stamps

All eyes will be on Montreal Alouettes tonight when they meet Calgary Stampede after a weekend that saw the Stampede beaten by Toronto Argonauts and Hamilton Tiger-Cats given a thorough pounding by Ottawa Rough Riders.

Tonight's game is almost a must for the Al if they hope to make the playoffs in the Eastern Football Conference for which they will have to ease Argos out of third place.

The Tients, leading the Eastern Conference, took it on the chin Saturday when Ottawa, led by quarterback Ron Lancaster, handed them a 47-21 defeat.

Argos, trailing the Stampede 19-9 at the end of the third quarter, scored 13 points in the final quarter Friday night to end up ahead 22-19.

PLANS NO CHANGES

Al's turned out to be the mild season terrors in the east Sept. 27 when they upset Hamilton 27-7. And coach Perry Moss said he plans no major changes with five points.

With Montreal favored by 7½ points in the Canadian Football League interlocking game, Moss' biggest worry will be stopping Calgary fullback Earl Lunsford. The Al's defensive system, one of their strong points, has been set up to block wide sweeps and passes but has proven shaky in the middle.

Montreal has no recent injuries but regular guard Mike Kovacs is still recovering from the flu and will likely be replaced by newcomer Ron Brooks.

The Rough Riders triumph but within challenging distance of the Tients, who have 14 points to Ottawa's 12. It was the second straight loss for the Tients after seven consecutive wins.

The Riders, defending Grey Cup champions, also put a bit of padding between them and Argos. The Argonauts have nine points. The Al's are in last place, said he plans no major changes with five points.

## Potent Cubs Win 21-13 Despite 4th-Q Rally

By BOB GRUBER

Kelowna Cubs, displaying a potent offence and a bruising defence, held off the Vernon Panthers' attack for three quarters and rolled to its second straight win by defeating the Panthers 21-13 Saturday.

There was no scoring in the first quarter but Butch Lima started things off for Kelowna.

## Spurs Grab Hold Of Soccer Lead

Somebody pushed the super-charge button to give Kelowna Hotspurs a power grip on top spot in the Okanagan-Mainline Soccer League standings with Vernon Royalties.

Kelowna has picked up 13 goals in the last two games, six from Sunday's 6-1 display of power over Vernon.

Kelowna scored first goal at the 10-minute mark. Don Hutton passed to Mat Turk who catapulted the ball into the bottom right hand corner of the net.

Two minutes passed. Turk nipped around the Vernon defence to score with a shot to the bottom left hand corner.

Turk and Andy Franka teamed up on a combination play to double pass to Hutton, who scored at the 27-minute mark. Pete Polman scored at the 44-minute mark from 20 yards out to wrap up the first half with the Hotspurs commanding a 4-0 lead.

Ten minutes post changeover, Polman netted his second goal. Then Vernon made their only point on a penalty against Kelowna for handling the ball. Carl Hohlweg kicked the goal.

Gary Lindsay for the Spurs rounded out the scoring. Next Sunday, Hotspurs play their first game with Revelstoke in that northern city.

Their season ends with three more games at home.

## H'weight Bout Possible Soon

LONDON (AP) — Boxing promoter Jack Solomons said today he hoped soon to announce a world heavyweight title fight in London between Floyd Patterson and British champion Henry Cooper.

## SENIOR HOCKEY STILL ALIVE?

# Intermediate League Proposed To Interlock With Coast Clubs

By ERIC GREEN  
Courier Sports Editor

The Allan Cup comes west this year, and the Okanagan may ice an All Star senior A hockey club to compete for it. Coach of the Vernon Canadians, Odie Lowe, voiced the possibility at a Vernon meeting Sunday of British Columbia Amateur Hockey Association officials and representatives of some teams in the defunct OSHL.

The meeting was called in an attempt to form an intermediate league in the Okanagan-Mainline.

Lowe suggested that the localities interested, Summerland, Vernon and Kamloops, register intermediate clubs and form an All Star team "when the time comes" to compete for the Allan Cup.

### NEEDS WEEK

Lowe said he needed a week to find out if ice time can be arranged and contact his players to determine interest.

The proposed intermediate league would be made up of a Kamloops-Merritt team, a Summerland-Penticton club and a Vernon club with the possibility of drawing Kelowna players.

There was no Kelowna representative at the meeting.

"Bud" Fraser, BCAA vice-president said Kelowna-Penticton Combines do not owe BCAA any money.

The money owed is a personal debt to league president Bob Gilhooly, who went to bat for the Kelowna club by paying player transfer bills for the club from his own pocket. The sum, said BCAA district representative John Mertz of Penticton, "is \$250."

### NO SUSPENSION

Fraser said BCAA never suspended the Combines from play. BCAA, he said, has now been asked to step in to help the senior hockey situation in the valley.

"Nobody's trying to crucify anyone. We want to discontinue the haphazard operating of the league in the past, to clean things up and get clubs on in good standing in their own communities," he stated.

He proposed a BCAA meeting with Jim Middleton, coach of the Combines, and the club's creditors "which would clear up the whole situation." This happened with the Kamloops Chiefs, he said.

If an intermediate league is formed, the All Star club could change status late in the season to qualify for Allan Cup competition.

The proposed league would have three teams playing eight games away from home and eight at home.

**COAST TRIPS**  
President of the Chilliwack Hockey Club, "Bud" Freeston, said at least two intermediate clubs at the coast are interested in a "limited interlocking schedule of weekend games with the proposed league in the Okanagan-Mainline."

Chilliwack, Powell River and possibly New Westminster would have a team provided an interlocking schedule could be set up with the Okanagan.

The intermediate teams of the two leagues would compete for the Coy Cup which also comes west this year, with a playoff between the best club of each league would decide possession.

BCAA representative John Hertz said the league president

should be someone "unbiased, and not affiliated with a club." No-one fitting that description attended the meeting.

A second meeting was called for Oct. 8, in Vernon, at 1 o'clock. By that time all localities expecting to ice a team will know conclusively if they will have a club.

The newly-formed Okanagan-Mainline Junior Hockey League came into the picture. It was suggested that the intermediate league clubs could play exhibition hockey against the juniors, "to the advantage of both."

Vernon Canadians' coach Odie Lowe said the junior league will provide future support to the intermediate league up to 65 graduate players a year. This sum could provide replacements for intermediate drop-outs.

Not all the 65 juniors would want to continue playing, but enough would to provide replacement material, it was felt.

## Sikh Leader Ends Fast In 48th Day

AMRITSAR, India (Reuters) Tara Singh, the 76-year-old Sikh leader, took small amounts of food today after breaking his "fast unto death" Sunday when India agreed to appoint an inquiry commission into discrimination against Sikhs.

Tara Singh, who was fasting for the establishment of a separate Sikh-dominated Punjabi state within India, drank some fruit juice laced with honey Sunday as he ended his fast in its 48th day.

The Sikh leader and head of the militant Akali Dal party said he was ending the fast "in the larger interests of our cause and the country."

Tara Singh said the Indian government assured him that members of the commission would be persons acceptable to the Sikhs.

The Sikh leader conducted his fast in his sect's sacred golden temple here. The government decided against entering the temple to arrest him for fear of triggering violence in tense Punjab.

### ENDS COUNTERFAST

Meanwhile, Hindu ascetic Yogiraj Surya Dev, who started a counterfast on the same day as Tara Singh, agreed to end his fast today, the 92nd birthday of the assassinated Hindu leader Mohandas K. Gandhi—who used the hunger strike effectively as a political weapon against the British in India.

The end of Tara Singh's fast came after a visit to the religious leader Sunday by a fellow Sikh, Hardit Singh Malik, former Indian ambassador in Paris.

Malik said later "misunderstandings" between the Sikh leader and the government had been resolved.

The Indian government said Tara Singh's original demand for a Punjabi-language state would not be formally included in the commission's terms of reference.

But the government also indicated that the demand would be considered by the commission if it came up in the course of its investigation.

## Russia Plans Veto On Entry Of Mauritania

UNITED NATIONS (AP) Persistent reports of a secret Russian commitment to block a new African state from joining the United Nations could boost Nationalist China's chances of keeping its UN seat.

Diplomatic sources said today Russia has privately promised Morocco to veto Mauritania as a UN member when its application comes up in the Security Council Monday—regardless of whether the Nationalists use their veto against Communist Outer Mongolia.

This could touch off a chain reaction that might backfire against the communists when debate on seating Communist China starts in the General Assembly later this fall. On the other hand, the Russians hope their stonewalling tactics will work against the West by forcing out Nationalist China.

### HOLDS KEY

The key to this is the position of the Brazzaville group of 12 French-speaking African states looking for Mauritania, another former French colony. Members of the group first had indicated they would vote in the assembly to seat Peking if the Nationalists veto Mongolia.

They reason that if they get rid of the Nationalists, it would clear the way for Outer Mongolia and thus lift the Soviet veto threat against Mauritania. As things stand now, the Brazzaville group's votes of China seem to hold the balance of power in the 100-country assembly.

But representatives of the Brazzaville group may see things differently if they believe the reports that Moscow will veto Mauritania just to curry favor with Morocco.

## Kisses Cost This Man Plenty

BELGRADE (AP)—Rule No. 1 for tourists entering Yugoslavia: Don't kiss the customs man.

A businessman, identified by the Belgrade newspaper Politika only as Basil, tried to do it and it cost him about \$5,000.

Politika said Basil was travelling by train from Germany and arrived at customs control in Jesenice, on the Austrian border.

An officer checked his baggage and found it conformed to customs regulations.

Basil jumped to his feet, embraced the customs man and gave him two resounding kisses on the face.

The customs man decided to take another look.

He took a screwdriver, opened several planks in the walls of Basil's sleeping compartment and felt around inside.

He found 60,000 gold buckles for necklaces, three pounds of gold bars, a quantity of lighters and other commodities.

The two kisses cost Basil about 4,000,000 dinars.

Anti-freeze loss like this is a great nuisance—expensive, too. Shellzone anti-freeze is guaranteed against loss. If it does leak, Shellzone is replaced free.

# IRONCLAD GUARANTEE:

All Shell stations are now authorized to give their customers this remarkable new anti-freeze guarantee:

**"Free refill if Shellzone leaks away—no matter how you lose it"**

Once your car's cooling system has been okayed at a Shell station and Shellzone anti-freeze installed—that's it. If the anti-freeze leaks or loses its strength before next May 1st, it will be replaced without charge.

Any Shell station in Canada or the United States will do the job.

THE SHELLZONE GUARANTEE is iron-clad. Once a Shell serviceman has inspected your car's cooling system and refilled with fresh Shellzone, you won't spend a cent more on anti-freeze all winter long.

If you lose Shellzone anti-freeze for any cause under the sun, Shell will replace it free. There are no exceptions. A leak, malicious damage, a faulty part, evaporation—all are included.

This remarkable pledge will be honoured at any Shell station in Canada or the United States—right up to next May 1st.

### The disadvantages of pouring your own

People who pour in anti-freeze for themselves have no such guarantee against added expense. They have to reconcile themselves to other disadvantages, too.

First, there's the risk of leakage—which can take place under conditions that might surprise you. Virtually all

major brands of anti-freeze have a lower surface tension than water. As a result, anti-freeze can sometimes seep out through tiny holes and cracks that are absolutely leakproof when you have plain water in your cooling system.

### Complete cooling system check

Before a Shell service man puts in your anti-freeze, he checks the entire system for potential leaks. He checks hoses, clamps, plugs, drain cocks, water pump, radiator. Eleven points in all, including every connection. Not a drop of Shellzone goes in until he's sure it won't leak out.

### The overdose danger

Here's another surprising fact. Did you know that too much anti-freeze can have the same effect as too little? Here's what happens when you begin to add anti-freeze. As you would expect, at first the freezing point of the mixture goes

down. But as you pour in more anti-freeze, the freezing point begins to come back up.

If you went so far as to fill your radiator with nothing but anti-freeze, you'd be protected to no lower than about 4 degrees below zero. The correct combination of Shellzone and water can protect you down to minus 62°F.

When you go to your Shell dealer, you will receive the exact amount of Shellzone needed to protect you down to the temperature you specify. The Shell man looks up the capacity of your car's cooling system (this varies from make to make, model to model, and year to year.)

Then he does something you might forget. He includes the water capacity of your heater in his calculations. After he's poured in the right amount of Shellzone, he double-checks with a hydrometer. That's how he can be sure you have the protection you need.

### Shellzone guarantee

Finally, your Shell dealer fills out the Shellzone guarantee and hands it to you. He can give you this ironclad guarantee because he knows the job has been done properly. And because Shellzone is a powerfully effective anti-freeze, with potent additives that prevent rust, corrosion, scale formation and foaming.

## Protect your car these seven ways

The seven tips given here all deal with common causes of winter trouble. To avoid these ills and expenses, have all seven checked by your Shell dealer. And you'd be wise to do it early. In these more leisurely Fall days before the frost, he has extra time to fuss, check—and double check.

Tip #1—check plugs and points. A car with faulty points or plugs is difficult to start in winter. A strong, precisely-timed spark is vital in cold weather. Your Shell dealer can quickly have your points and plugs put in top condition.

Tip #2—check battery. For quick starts, your battery must turn the engine over briskly. If the engine reacts sluggishly when you press the starter, the spark is feeble and the gas mixture is compressed too slowly. Result—poor starting. Remember—battery must be fully charged, terminals clean, connections tight and leads in good condition.

Tip #3—check windshield wipers. Worn wiper blades slide sloppily over a windshield—leave behind a film of ice, slush, oil or dirt. This is particularly hazardous after nightfall, when a lot of winter driving is done.

Tip #4—use multigrade oil. Shell X-100 Premium Motor Oil will reduce the strain on your battery by letting the engine turn over quickly on frigid mornings. This is because it is multi-grade—effectively resists undue thickening in cold weather or thinning out in a hot engine.

Tip #5—have your carburetor checked. For example, a properly-set choke can

make all the difference in how your car starts and runs—and how much gas it uses. Another point—many engines run more smoothly in winter when their idling speed is increased.

Tip #6—have your car polished. A polish job will protect your car against its arch enemy—road salt. Afterwards, have it washed regularly to preserve the finish.

Tip #7—have your tires checked. Your Shell dealer will inspect your tires for cuts, bulges and wear. Have snow tires fitted, and you'll be all ready for winter. The deeper, wider tread on snow tires often makes the difference between wheelspin and traction on slush or snow.
